 ready to try out the scene at the next town en route, Reno. It was midweek, so we decided it would be best to get some
 local knowledge about where everyone might be hanging out. The owner of the local sex shop was in no doubt - the
 Riviera was the only possible scene. We phoned them and the lady was quite open, on a Wednesday there might be one
 couple, or there might be 10. There was no entry charge and it wasn't far from our hotel, so nothing to lose - and we
 were in luck! Four couples there, and thee of them great players! As usual, 90% of the time pure sex, the rest nursing a
 drink in an attempt to recover for the next round! The Riviera must be the smallest club we've ever been to, just a fairly
 plain American style bar and a single small playroom separated by a curtain. But it's the people that makes the party,
 and that they had. Apparently at weekends they get 30 couples, it must be 5 bodies deep in the playroom! A feature of
 the place is the booby decor, all made by the lady guests painting themselves, then lying down on the paper. Watch for
 the blue and orange stars and the JEN initials, if you go there! Recommended.
